

MOTT'S – WILLIAMSON PLANT
WILLIAMSON, NEW YORK

Mott's Williamson Plant in Williamson, New York has Cadbury Schweppes as its parent company. Mott's – Williamson manufactures apple sauce, apple juice, and other juices, Holland House and Mr. & Mrs. T drink mixers and cooking wines, Roses Lime and Grenadine, Hawaiian Punch, and Clamato. The EMS at Mott's – Williamson was certified to the ISO 14001 standard in November, 2000.

ENVIRONMENTAL PERFORMANCE

Past Accomplishments

Mott's – Williamson has demonstrated its commitment to environmental performance in the areas of reduced hazardous waste and reduced solid waste. Since 1998, the facility has:

- **Reduced hazardous waste** generation by 85.8% while increasing production by 10% through substitution with non-hazardous materials where possible, segregating hazardous waste from non-hazardous waste, and purchasing only what is needed.
- **Reduced solid waste** by 10.2% while increasing production by 10% through purchasing only what is needed, tracking raw material yields and improving efficiency, and improving production processes to reduce the amount of off-specification product.

Future Commitments

Mott's – Williamson has also committed to continued environmental improvement. By 2004, the facility will:

- **Reduce total energy use** by 2% per liter of finished product through tracking energy usage and implementing improvement plans where opportunities are identified.
- **Reduce total water use** by 5% per gallon of finished product through tracking water use and practices and implementing improvement plans where opportunities are identified.
- **Reduce total solid waste** by 5% per cubic meter of finished product through purchasing only the materials needed, tracking raw material yields and improving efficiency, improving production processes to reduce the amount of off-specification product, and seeking secondary beneficial uses for waste materials.
- **Reduce wastewater discharged** by 5% per gallon of finished product, tracking yields and minimizing waste, wastewater treatment process improvements, and segregating stormwater and cooling water from WWTP influent.

COMMUNITY OUTREACH

Mott's – Williamson Plant informs community members of important issues through the local Chamber of Commerce, Rotary Club, and a facility-published newsletter to local apple growers. Public concerns

AT A GLANCE

Industry Sector:	SIC 2033
Business:	Manufactures apple sauce, juices, and drink mixers
Facility Employees:	100 - 499
Accomplishments:	Reduced hazardous waste Reduced total solid waste
2004 Commitments:	Reduce total energy use Reduce total water use Reduce total solid waste Reduce wastewater discharged
Address:	4363 Route 104 Williamson, New York 14589

are directed to the site Environmental and Safety Manager, who reports to the Plant Manager and is authorized to take appropriate actions. Concerns are addressed on an individual basis and kept on file within the EMS.
